Editing Motions

If you need to edit the disputes tied to a motion while expunging, go up to the header of the case.

Tab + M will open the motion table:

Highlight the motion you want to edit, and **Shift + F4** will open the motion details:

Press enter until you are highlighting the text in the "mot_disls" field:

For this example, I am expunging dispute 3, so to edit the motion I will do:

F9 to save any changes

To **delete** a motion that is only tied to the disputes you are expunging, you will:

- Highlight the motion to be deleted
- **Shift + F4** to open the motion details
- **Shift + F2** will delete the motion
